2010 Swimming Lesson Dates

*There have been lots of comments about our swimming lessons from parents and from staff.....

.....”two a day lessons are nice because we finish our lessons in one week”

.....”one week of two a day lessons are too much for the kids- they do not get the “quality” instruction that the kids get over a two week –one a day lesson , and the kids do not get the chance to practice what they have learned after a lesson during public swim times”

There are pros and cons to both lesson set ups- however- the instructional staff were very concerned over the past couple of years that the two a day lessons are just too rushed and they did not feel the lesson quality was there.FOR ANY TWO A DAY LESSONS PRIOR EDUCATION OF PARENTS A MUST SO THEY KNOW EXACTLY WHAT THEY ARE IN FOR
